PROJECTS

Travel Tactics

Django & MySQL

- All-in-one travel planner to manage destinations, expenses, reservations, and journals with CSV-based recommendations. Built PDF itinerary generator and interactive travel journal for streamlined trip documentation.

PromptPic

MERN & AI-ML

- Full-stack MERN app enabling AI-powered text-to-image and image-to-text generation using Hugging Face. Integrated credit-based access with mock premium features and a clean, user-friendly interface.

Developed end-to-end ML/DL solutions including Customer Churn Prediction (Logistic Regression), Fraud Detection (Random Forest), Stock Forecasting (ANN), and Bird Species Classification (ResNet).

EXPERIENCE

Techeniatic Services LLP

Trainee Software Engineer

July 2025 – Present

Ahmedabad, Gujarat

- Currently pursuing AI/ML courses with hands-on exposure to machine learning, deep learning, computer vision, & generative-AI.
- Contributing to a live project using React while simultaneously completing a Generative AI course, with plans to transition to a live machine learning project.

Edunet Foundation

AI Intern

May 2025 – June 2025

Remote

- Intensive internship on AI with exposure to machine learning, deep learning, computer vision, and generative AI concepts. Completed Microsoft Learn modules on image analysis and AI fundamentals with mentor-led guidance and evaluations.
- Built a capstone project Tomato Disease Predictor using computer vision to identify plant diseases from leaf images. Applied convolutional neural networks (CNNs) for image classification and tested model performance on real-world data.

R and H Business Solution

Backend Developer- ASP.NET MVC, MS-SQL

May 2024 – June 2024

Chikhli, Gujarat

- Developed a School Management System with optimized database performance using stored procedures. Integrated secure authentication with ASP.NET Identity and implemented CRUD operations for a Product Master.

CERTIFICATES

- **GATE CS 2025 Qualified**
- **Google Cloud Skill Boost**
- **AWS Academy Cloud Developer Badge**

EXTRACURRICULAR ACTIVITIES

Code Unnati Foundation Course

By Edunet and SAP

Aug. 2023 – June. 2024

CHARUSAT

- Completed modules on **Python for Data Analysis** and **AI Basics**, including hands-on practice with real-world datasets.
